Division Endnotes

¹ All checks for Notice of Determination Filing Fees must be made out to the Stanislaus County Clerk-Recorder.

² Sales tax not included.

*** Time and Materials Fees:**

1. When multiple entitlement applications are filed for the same project and one or more of the applications is a time and materials fee, then the entire project shall be treated as a time and materials project for fee purposes.
2. When deposited funds drop below 50% of the initial deposit amount, then additional funds shall be required to be deposited in an amount to be determined by the Director. This requirement may be waived by the Director if it is determined that additional funds are not needed to complete the entitlements or the entitlements are inactive.
3. Once the project is completed, withdrawn or returned, the applicant shall be returned the balance of any remaining unused funds.

Concurrent Processing:

When two or more entitlement applications related to a single development proposal on the same parcel are submitted simultaneously, the application fees shall be the highest fee plus half of the fees for the remaining applications (exclusive of CEQA processing fees).

Refunds (Non Time and Materials Fees):

1. If an application is withdrawn or returned before it is deemed complete or within two weeks of submittal, whichever occurs first, then the applicant shall be entitled to a full refund.
2. If an application is withdrawn or returned after the initial period described above, but no later than six months after submittal and prior to scheduling for a hearing or an administrative decision, then the applicant shall be refunded half of the application fees submitted.
3. After six months from application submittal, or once an application has been scheduled for a public hearing or administrative decision, whichever occurs first, no refunds shall be given.

Authority to determine fee when none exists:

If an application is made for an entitlement where no fee has been established, then the Director shall determine the appropriate fee based on the adopted fees for similar entitlements requiring a similar process or amount of staff time.

Division Endnotes

- ¹ Mechanical Plumbing Electrical - Minor: This fee includes, but is not limited to, HVAC replacements and new systems, plumbing repairs and maintenance, electrical circuitry for new lighting and electrical outlets, service changes and similar projects in residential and small commercial applications. Large commercial systems, such as boilers and advanced mechanical systems, will be assessed at the Mechanical Plumbing Electrical - Commercial/Industrial category.
- ² Minimum Fee Permit: This fee was established to provide the Building Safety Division flexibility in assisting citizens, contractors, designers and developers with code compliance prior to issuance of a project permit and still recover the cost associated with this service. It is a non-refundable fee and includes, but is not limited to, one-stop inspection, code consultation, re-inspection fee and small projects that do not fit in the fee schedule.
- ³ Per Hour Charges: At the discretion of the Chief Building Official and/or the Community and Economic Development Director, an hourly charge may be applied to provide additional service not already covered by the original permit. It is a non-refundable fee and includes, but is not limited to, Plan Review for revisions of approved plans, unscheduled or out of sequence inspections, after hours inspections and re-inspections.

Land Development Engineering Division Fee Schedule
(209) 571-5569

Division Endnotes

* Time and Materials based fee.

¹ Land Surveyor portion of charge will be on a Time and Materials basis because this effort varies significantly.

² Significant additional connection fees apply.

³ Does not include Land Surveyor review cost. Land Surveyor time will be charged on a Time and Materials basis.

⁴ Additional fees charged if City employees perform paving or staking services.

⁵ For lots greater than 100' frontage, each 100' or part thereof is considered to be one "lot" (distance to be measured to nearest 100 feet).

⁶ Where no fee is shown, the work is to be performed by others as needed.

⁷ Chargeable only when paving is done by City. Developer/Owner shall repave all trenches, unless otherwise approved by the City Engineer.

⁸ Costs shall be paid for emergency or other work performed by City for public health and safety in addition to the following minimum charges:

a. Cleanup or dust control \$370.00 per street

b. Temporary Paving \$233.00 per street

c. Temporary Barricades \$142.00 each

⁹ A trench restoration fee of \$2.50/sf is charged in addition.

¹⁰ Inspection to be charged on a Time and Materials basis.

¹¹ Applicant shall pay an additional \$3.75/lf for small laterals designed and drawn by the City.

¹² Utility relocation required for City projects is not subject to a charge.

¹³ Improvements not otherwise listed such as water line extensions, irrigation lines, irrigation line replacements, storm drain lines, etc.

¹⁴ Uninitiated Street Work will be assessed a "double fee" penalty.

¹⁵ To be calculated by the Public Works Director and other pertinent staff in each instance, based on the actual cost of doing the work, including overhead.

¹⁶ \$2.50 per sf of Trench Influence Area

¹⁷ \$1.25 per sf of Trench Influence Area

¹⁸ Cost estimates over \$1,000,000 will be required to place a deposit and replenish funds as they are exhausted.

NOTE: The following companies have executed Pavement Maintenance Agreements with the City of Modesto and are NOT subject to the Trench Restoration Fee:

- AT&T
- MID
- PG&E

Water Related Fee Schedule
(209) 571-5569

Division Endnotes

- ¹ Single-family residences qualify for the 5/8" connection fee only under the following conditions:
 - Single story, single-family residences on a lot of 4,000 square feet or less.
 - Two-story single-family residence on a lot of 4,000 square feet or less, provided the request for such a service is accompanied by a report from a licensed professional engineer that certifies that the 5/8" service is adequate to meet the needs of the proposed dwelling.
 - A 5/8" "service" shall not be allowed for single-family dwellings of greater than 2 stories on lots less than 4,000 square feet.
- ² Pays for the time and materials required to install the water service from the city water main to the property line. This fee is charged at the time the building permit or a separate water permit is issued for the construction of the water line on the property.
- ³ Pays for the construction of the specific water main that extends down a public right of way to serve a specific property. Generally, this fee is charged at the time that the building permit is issued for the property. This fee applies to the old city area (Zone 1) and in the former Del Este area (Zone 2) where the City has significantly strengthened the infrastructure. This fee may be waived if the property owner has already participated in the cost of the water main serving the property.
- ⁴ Pays for the time required to connect a new water main to an existing "live" main for making the connection from a new subdivision to an existing water main. Generally, this fee is charged at the time the water permit is issued for the connection to an existing water main.
- ⁵ Pays for the time and materials required to install a fire hydrant in the public right-of-way. This fee is charged when a developer requests installation of a hydrant or hydrants. This fee is not charged for hydrants necessary to meet minimum spacing requirements.
- ⁶ Pays for the removal and replacement of pavement in the street or alley required for the installation of a water service. This fee is charged at the time that a building permit or water permit is issued for the construction of the water line on the property. This fee can be waived for dirt alleys or where the water line is located in an unimproved road or shoulder.
- ⁷ Pays for the time required to prepare an Outside City Limits Agreement, including review of costs and administrative preparation.
- ⁸ Pays for the time required to inspect the parcel in order to determine the square foot area to be used in determining the water connection charge. This fee is charged when a parcel, larger than 20,000 square feet, is currently using water on only a portion of the lot. The remaining acreage would be paid for at the time that future development takes place.
- ⁹ Pays for the time required to prepare a water reimbursement agreement, including review of costs and administrative preparation. Generally, this fee is charged immediately prior to the acceptance of the reimbursement agreement by the City Council. This fee is charged as directed by the Engineer.

Division Endnotes

- ¹ Pays towards the construction of the Wastewater Treatment Plan and the sewer trunk system throughout the City. Generally, this fee is charged at the time that the building permit is issued for the construction of the house sewer lateral on the property.
- ² Pays toward the construction and maintenance of the subtrunk lines. This fee is charged at the time the sewer service is made available to any subdivision, tract, area or lot in the Sewer District. In the case of new subdivisions or parcel maps, this charge shall be paid at the time of filing the final subdivision or parcel map. The Council may establish conditions under which the subtrunk sewer extension charges set forth in Section 5-6.803 may be spread over a period of time.
- ³ Pays towards the specific sewer lateral that extends down the street or alley serving the specific property. Generally, this fee is charged at the time the building permit is issued for the house sewer line on the property. This fee may be waived if the property owner has participated in the cost of the extension of the lateral down the street or alley.
- ⁴ Pays for the time required to inspect the parcel in order to determine the size of acreage to be used in calculating the Bond Redemption Charge and Subtrunk Fee. This fee is charged when a parcel larger than 20,000 square feet is developing only a portion of the lot. The remaining acreage would be paid for at the time that the future development takes place on the remainder of the parcel.
- ⁵ Pays for the time required to prepare a Sewer Reimbursement Agreement, including review of costs and administrative preparation. Generally, this fee is charged immediately prior to the acceptance of the reimbursement agreement by the City Council. This fee is charged as directed by the Engineer.
- ⁶ Pays for the time required to prepare an Outside City Limits Agreement, including review of costs and administrative preparation. Generally, this fee is charged prior to the acceptance of the Agreement by the City Council.
- ⁷ Banks and title companies are considered General Office. Barbershops, nail salons and tattoo parlors without wash sinks are considered General Office.
- ⁸ The Wastewater Capacity charge is not applied to Residential Care Facilities of 6 or fewer beds.
- ⁹ Schools head count is the total of staff and students.
